

TOWN & COUNTRY

Conservatories

You can merely add a room...

or you can add the sun, the moon and the stars.

When you bring a conservatory into your life, you do far more than add a room. You create a more intimate connection to nature. Watch it rain without getting wet; enjoy a winter snowfall without getting cold, or dine in the soft glow of a full moon.

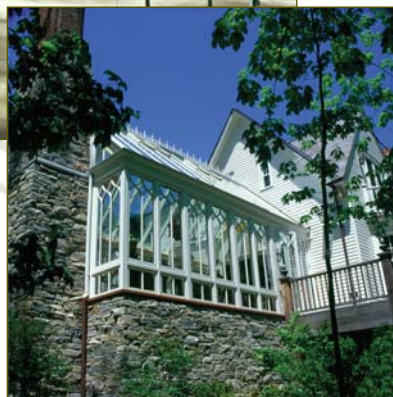

Our design philosophy is that *the conservatory should look and feel as though it were always part of the original home*, not an add-on. We consider your home's architectural style, the surrounding property, and your intended use in our design. We then grace your conservatory with inviting details and features. Because spending time in a beautiful space can have a profound effect on one's thoughts and moods.

So why merely add a room when you can add...

A graceful transition to the garden...

...a year-round outdoor family room...

...a modern interpretation
of a traditional style...

...a dramatic space for entertaining...

...a luxurious spa and pool house...

...a sunny indoor garden...

...an elegant sunlit dining room instead of
a seldom used courtyard...

...an extraordinary garden house to
complete your landscape...

...a magical room in the sky...

...a thoughtful solution for
a difficult space...

...custom conservatory
blinds or shades...

...and the most
appropriate
appointments
and furnishings.

We use only the finest materials for our structures, including premium Sapele hardwood, high-performance soft-coat Low-E glass, solid brass hardware and concealed insect screens. We also offer pool enclosures, conservatories and English skylights in Thermal Clad Aluminum.

Take the first step towards an extraordinary addition. Call 773.506.8000, or visit www.TownandCountryUS.com to order our 44-page colour brochure and Planning and Design Guide (\$18 charge). If you already have our brochures, call for an idea of costs or to discuss your plans.

Our design fees range from \$1,500 for conservatories to \$3,000 for Pool Enclosures. Design fees will be credited toward your project. Simply supply us with a few basic dimensions and photos, or we will visit you for the additional cost of travel. We can also collaborate with your architect, designer or contractor.

Town & Country has designed and built over 1000 projects in England and North America over the last twenty-two years.

Experience the delightful results when you choose to add not merely a room, but the sun, the moon and the stars.
