

DocIGroup

INTELLIGENT SOLUTIONS FOR ENTERPRISE CONTENT

Solutions for CMS 1450 & 1500

Does your operation look like this?

DocIGroup can help.

Healthcare Claims Processing: Cut Cost of Claims up to 75%

Do your employees *manually key in data* from claim forms? If so, an automated solution from DocIGroup can increase productivity by 400%.

If you are scanning claims today, *are you using the latest, most cost-effective technology?*

Either way, automated healthcare claims solutions from DocIGroup

offer the following benefits:

- Positive ROI in less than a year
- Manpower costs cut by up to 75%
- Late payments virtually eliminated
- Minimal data entry
- Maximum OCR/ICR quality

DocIGroup automates your healthcare claims process for handling all

medical correspondence and forms, with special expertise in handling CMS 1500 and CMS 1450 (formerly HCFA and UB 92). We can set you up with the latest and most-cost effective document scanning technology, from high-speed document scanners to document capture software.

More About DocIGroup Claims Processing

Automated vs. Manual Processing

With an automated solution from DocIGroup, you can process up to 600 forms per day. That's a productivity increase of 400% and can save you up to \$65,000 per year if you receive 1,000 forms per day or \$650,000 per year for 10,000 forms per day.

Claims Processing Technology

In our 15 years of experience DocIGroup has forged strategic relationships with some of the best vendors in the business and are deeply experienced with their claims processing products:

- Kofax Capture with KTM
- Datacap Taskmaster
- Kodak i700 & i1800 Series
- Böwe Bell + Howell Ngenuity
- Fujitsu fi-5900

Other Services

DocIGroup also helps hospitals and clinics scan all patient

From Paper to
Information

The image shows a redacted insurance claim form. The form is titled "INSURANCE CLAIM FORM" and contains several sections with checkboxes and input fields. The right side of the form is partially visible, showing fields for "EMPLOYER", "INSURANCE", "IS THERE", "INSURE", "DATE", "SIGNATURE", "DATES", "HOSPITAL", "OUTSIDE", "MEDICAL CODE", and "PRIOR". The form is mostly obscured by redaction marks.

records and ID cards, from incoming documents to backfile conversion of old files, to ensure HIPAA compliance and free up space taken up by file cabinets.
