

Insulation
Fabricators, Inc.

*One call for all commercial
& industrial insulation needs*

The IFI Advantage

We are the thermal and acoustical leader in fabrication and distribution of insulation for industrial and commercial use. Our unrivaled customer service, extensive inventory and seasoned delivery fleet enable us to ship more than 95% of orders complete and on-time.

Fabricated Products

Since 1979, IFI has specialized in high-quality mechanical insulation fabrication for a wide variety of applications, from pipes to vessels, panels, ductwork and boilers. Our insulation offerings for temperatures ranging from -450° F to 2600° F include:

- Pipe insulation
- Pipe & tank wrap
- Pipe support insulation
- Fitting covers
- Engineered head segments
- Metal & PVC jacketing
- Removable blankets
- Valve insulation

We fabricate thermal and acoustical insulation from a broad range of materials in numerous thicknesses, combinations and finishes, all cut precisely to specification. These materials include:

- Aluminum
- Calcium silicate
- Cellular glass (FOAMGLAS® & StrataFab®)
- Ceramic fiber
- Fiberglass
- Mineral wool
- Phenolic foam
- Polyethylene
- Polyisocyanurate
- PVC
- Silicone & glass cloths
- Styrofoam®
- XPS PIB

IFI is the single source you can rely on for all of your fabricated and off-the-shelf insulation products. With more than 200,000 square feet of fabrication and warehouse space and over 2,500 products on hand, we have everything you need in stock for virtually any application.

Dedicated to providing the highest-quality materials at competitive prices, we carry only the most trusted brands. We are licensed fabricators of ITW, Pittsburgh Corning and Dyplast. We also stock products from K-Flex USA, IIG, ITW, Manson, Owens Corning, Proto Corporation, and RPR—just to name a few.

Our customer service team averages more than a decade of experience, answers the phone when you call, and gets your order right the first time. We have four distribution centers and a 14-truck fleet driven by a team averaging more than six years of service. Between our fleet, trusted carriers and seasoned delivery team, we serve all contractors and plants throughout the Midwest, East Coast, Southeast, and wherever else you might happen to be.

With IFI, you get all the fabricated and off-the-shelf products you need, when you need them, together in one hassle-free shipment—so you can keep your crews working and your jobs on schedule.

Off-the-Shelf Products

IFI has all the conventional commodities you need for almost any commercial or industrial insulation project. There's no need to contact a fabricator and distributor separately. With IFI, one call does it all. Off-the-shelf products we have in stock include:

- Aerogels
- Aluminum & stainless steel rolls, sheets & jacketing
- Board & blanket materials
- Calcium silicate
- Elastomeric rubber
- EPDM-ethylene propylene diene monomer (M-class) rubber
- Fiberglass
- Firestop materials
- Mineral wool
- Perlite
- PVC
- Sundries of all kinds
- Tapes & adhesives

About Insulation Fabricators

Insulation Fabricators, Inc. (IFI) is a leading fabricator and distributor of thermal and acoustical insulation products for industrial and commercial use. IFI is committed to providing a reliable one-call source for all custom-fabricated and off-the-shelf products needed by insulation contractors, abatement professionals and plant maintenance teams. Family owned and operated since 1979, IFI fabrication and distribution headquarters is located in Hammond (IN) with additional distribution facilities in Holland (OH), Clarksville (TN) and Nitro (WV). IFI has a proven track record of complete and on-time delivery rates exceeding 95%.
